Floral Recipes

Embracing fresh flowers. This Apricot bouquet is fun for the family. Create a beautiful design for your home and use the recipe on the floral pick to create a delicious apricot jam the whole family will love.

Materials:

item #8958 Taffy Lulita vase

item #8433 Apricot Bouquet

item #7146 Drop in greens

Instructions for Floral design:

In this arrangement, I used The **Apricot bouquet** which has a really unique, gorgeous color that we are absolutely loving, especially when you are staying safe in your home.

1. Remove any thorns or leaves from flowers. This will prevent bacteria from entering the water and reducing their lifespan.
2. Cut stems: Always cut an 1/2 inch off each stem This cut allows flowers to absorb water better.
3. Place flowers in the water as soon as possible after these steps. Add floral preservative if you have it.
4. As a rule, make your bouquet about one and a half times taller than its container. You should also balance the width and the height.
5. Start by placing your greens around the collar of your vase.
6. Next, Add one or two of the largest flowers in the vase.
7. Then, add the smaller ones in groups of three. Turn the vase while arranging to maintain a balance.
8. Keep flowers away from sunlight and heating vents. Recut stems and add water daily.

Floral Recipes

Embracing fresh flowers. This Blueberry bouquet is fun for the family. Create a beautiful design for your home and use the recipe on the floral pick to create a delicious blueberry pie the whole family will love.

Floral Recipes

Embracing fresh flowers. There's something about a bouquet of fresh flowers that makes any space instantly beautiful. This Dozen rose bouquet and Lily CB will Create an amazing design for your home.

Materials:

Item #5606 9 3/4 Rose vase

Item #5159 Dozen Rose

Item # 8179 CB Stargazer Lily Mix

Item #7146 Drop in greens

Instructions for Floral design:

In this arrangement, I used The **Rose & Lily** which has a really unique smell, with it's gorgeous color pallet that is absolutely amazing, especially when you need the wow factor in your home.

1. Remove any thorns or leaves from flowers. This will prevent bacteria from entering the water and reducing their lifespan.
2. Always cut an 1/2 inch off each stem This cut allows flowers to absorb water better.
3. Place flowers in the water as soon as possible after these steps.
4. Add floral preservative if you have it.
5. As a rule, make your bouquet about one and a half times taller than its container. You should also balance the width and the height.
6. Start by placing your greens in the center of your vase. Cut green to fit the height of your vase.
7. Begin by placing the longer roses in the middle, Add one tall rose to the center of the vase. From there you'll want to begin placing the shorter stems along the rim between the longer stems and the foliage.
8. Then, add stems of Lilies here and there. Remember to keep the balance when placing the lily stems. Turn the vase while arranging to maintain a balance.
9. Keep flowers away from sunlight and heating vents. Recut stems and add water daily.
