PRODUCE CO.

— EST. 1945 —

We currently have California yellow onions in house. We have received several calls about them being sweet onions. We have taken your concerns and came to the following conclusion. The bag and stickers say sweet onions however, the PLU is for a yellow onion and the onions are in fact a yellow onion. If you have any questions please contact your sales-rep for further information. 509-838-3515
