

## THE SINGLE FASTEST GROWING CATEGORY IN SUPERMARKET PRODUCE IS CUT & PROCESSED FRESH FRUITS AND VEGETABLES

To help our customers capitalize on this rapidly expanding category, we have partnered with the very best processor of fresh cut fruits and vegetables in the Pacific Northwest, Mary's Harvest.

Mary's Harvest located in Portland, Oregon, produces hundreds of different food items, made fresh every day. Mary's Harvest is one of the only fresh fruit and vegetable processors on the West Coast to be designated as an SQF Level 3 food safety compliant company.

What does this mean to our customers? Far superior product that is produced with the highest levels of quality and food safety in the entire industry.

## Who We Are

### About Us

We are proud to be a produce company that is run by "produce people." The majority of our management team has a background in retail and wholesale produce operations. Even our CEO started his career trimming lettuce in the back of a grocery store.

As a Peirone customer you can be confident in your business knowing that we manage our business from a retailer perspective and never lose sight of what truly matters to our customers.
